

# MOLYDUVAL Cleaner Spray

## Cleaner Spray with Best Cleaning Properties and Quick Evaporation

MOLYDUVAL Cleaner Spray is a relative environmental friendly cleaner for maintenance, repair, and assembly, for degreasing parts and tools. Dirt will be solved and removed. Suitable as a brake cleaner, too.

### Properties

- removes oil and resins, even silicones and silicone oils, and synthetic fluids
- removes oil dirt, grease
- replaces cleaners with chlorides, trichloroethylen, perchloroethylen, other cleaners with ozone depleting potential
- evaporates clean and without residues
- flammable

### Applications

- for cleaning and degreasing applications of tools, machinery, in household, or in automotive
- for cleaning of brakes, starters, generators in automotive
- for degreasing of tools before sticking or lacquer
- for cleaning of electronic stuff, relays, contacts, motors, and others
- for hand and batch bench-top cleaning applications
- for cleaning of wet measurements
- for printed circuit boards, gold fingers, connectors, microwave and telephone circuit, avionics, relays, switches, contacts

### How To Use

Spray onto the tool or workpiece. Do not spray onto hot surfaces and do not spray onto parts having electric voltage.

| TECHNICAL DATAS | Specification | Dimension         |              |
|-----------------|---------------|-------------------|--------------|
| Base            |               |                   | Hydrocarbons |
| Color           |               |                   | clear        |
| Density, 15°C   |               | kg/m <sup>3</sup> | 800          |
